

## Decision 1/CP.19

### Further advancing the Durban Platform

*The Conference of the Parties,*

*Expressing serious concern* that the warming of the climate system is unequivocal and since the 1950s, many of the observed changes are unprecedented over decades to millennia, as indicated by the findings contained in the contribution of Working Group I to the Fifth Assessment Report of the Intergovernmental Panel on Climate Change,

*Warning* that climate change represents an urgent and potentially irreversible threat to human societies, future generations and the planet, that continued emissions of greenhouse gases will cause further warming and changes in all components of the climate system and that limiting climate change will require substantial and sustained reductions of greenhouse gas emissions,

*Underlining* the significant gap between the aggregate effect of Parties' mitigation pledges in terms of global annual emissions of greenhouse gases by 2020 and aggregate emission pathways consistent with having a likely chance of holding the increase in global average temperature below 2 °C or 1.5 °C above pre-industrial levels,

*Affirming* that fulfilling the ultimate objective of the Convention will require strengthening the multilateral, rules-based regime and the urgent and sustained implementation of existing commitments under the Convention,

*Urging* all Parties to the Kyoto Protocol to ratify and implement the Doha Amendment to the Kyoto Protocol as a matter of urgency,

*Emphasizing* that enhanced action and international cooperation on adaptation is urgently required to enable and support the implementation of adaptation actions aimed at reducing vulnerability and building resilience in developing country Parties, taking into account the urgent and immediate needs of those developing countries that are particularly vulnerable,

*Recognizing* the importance of regional and international cooperation with a view to promoting the establishment of alliances to support the implementation of actions aimed at reducing vulnerability and building resilience to the adverse effects of climate change,

*Mindful* of its decision that the Ad Hoc Working Group on the Durban Platform for Enhanced Action will consider elements for a draft negotiating text no later than at its session to be held in conjunction with the twentieth session of the Conference of the Parties (December 2014) with a view to making available a negotiating text before May 2015,

*Reiterating* that the work of the Ad Hoc Working Group on the Durban Platform for Enhanced Action shall be guided by the principles of the Convention,

*Noting* decision 3/CP.19 (Long-term climate finance),

*Recalling* decisions 1/CP.17, 2/CP.18 and 1/CMP.8,

*Also recalling* decision 24/CP.18,

1. *Requests* the Ad Hoc Working Group on the Durban Platform for Enhanced Action to accelerate its development of a protocol, another legal instrument or an agreed outcome with legal force under the Convention applicable to all Parties in the context of decision 1/CP.17, paragraphs 2–6, and its conduct of the workplan on enhancing mitigation ambition

to identify and to explore options for a range of actions that can close the ambition gap, with a view to ensuring the highest possible mitigation efforts by all Parties in the context of decision 1/CP.17, paragraphs 7 and 8;

2. *Decides*, in the context of its determination to adopt a protocol, another legal instrument or an agreed outcome with legal force under the Convention applicable to all Parties at its twenty-first session (December 2015) and for it to come into effect and be implemented from 2020:

(a) To request the Ad Hoc Working Group on the Durban Platform for Enhanced Action to further elaborate, beginning at its first session in 2014, elements for a draft negotiating text, taking into consideration its work, including, inter alia, on mitigation, adaptation, finance, technology development and transfer, capacity-building and transparency of action and support;

(b) To invite all Parties to initiate or intensify domestic preparations for their intended nationally determined contributions, without prejudice to the legal nature of the contributions, in the context of adopting a protocol, another legal instrument or an agreed outcome with legal force under the Convention applicable to all Parties towards achieving the objective of the Convention as set out in its Article 2 and to communicate them well in advance of the twenty-first session of the Conference of the Parties (by the first quarter of 2015 by those Parties ready to do so) in a manner that facilitates the clarity, transparency and understanding of the intended contributions, without prejudice to the legal nature of the contributions;

(c) To request the Ad Hoc Working Group on the Durban Platform for Enhanced Action to identify, by the twentieth session of the Conference of the Parties, the information that Parties will provide when putting forward their contributions, without prejudice to the legal nature of the contributions, referred to in paragraph 2(b) above;

(d) To urge and request developed country Parties, the operating entities of the financial mechanism and any other organizations in a position to do so to provide support for the related activities referred to in paragraphs 2(b) and 2(c) above as early as possible in 2014;

3. *Resolves* to accelerate the full implementation of the decisions constituting the agreed outcome pursuant to decision 1/CP.13 (Bali Action Plan),<sup>1</sup> in particular in relation to the provision of means of implementation, including technology, finance and capacity-building support for developing country Parties, recognizing that such implementation will enhance ambition in the pre-2020 period;

4. *Also resolves* to enhance ambition in the pre-2020 period in order to ensure the highest possible mitigation efforts under the Convention by all Parties by:

(a) Urging each Party that has not yet communicated a quantified economy-wide emission reduction target or nationally appropriate mitigation action, as applicable, to do so;

(b) Urging each developed country Party to implement without delay its quantified economy-wide emission reduction target under the Convention and, if it is also a Party to the Kyoto Protocol, its quantified emission limitation or reduction commitment for the second commitment period of the Kyoto Protocol, if applicable;

---

<sup>1</sup> Decisions 1/CP.18 (Agreed outcome pursuant to the Bali Action Plan), 2/CP.17 (Outcome of the Ad Hoc Working Group on Long-term Cooperative Action under the Convention), 1/CP.16 (Cancun Agreements) and other relevant decisions.

(c) Urging each developed country Party to revisit its quantified economy-wide emission reduction target under the Convention and, if it is also a Party to the Kyoto Protocol, its quantified emission limitation or reduction commitment for the second commitment period of the Kyoto Protocol, if applicable, in accordance with decision 1/CMP.8, paragraphs 7–11;

(d) Urging each developed country Party to periodically evaluate the continuing application of any conditions associated with its quantified economy-wide emission reduction target, with a view to adjusting, resolving or removing such conditions;

(e) Urging developed country Parties to increase technology, finance and capacity-building support to enable increased mitigation ambition by developing country Parties;

(f) Urging each developing country Party that has communicated its nationally appropriate mitigation action to implement it and, where appropriate, consider further action, recognizing that nationally appropriate mitigation actions will be taken in the context of sustainable development, supported and enabled by technology, finance and capacity-building;

5. *Decides* to accelerate activities under the workplan on enhancing mitigation ambition in accordance with decision 1/CP.17, paragraphs 7 and 8, by:

(a) Intensifying, as from 2014, the technical examination of opportunities for actions with high mitigation potential, including those with adaptation and sustainable development co-benefits, with a focus on the implementation of policies, practices and technologies that are substantial, scalable and replicable, with a view to promoting voluntary cooperation on concrete actions in relation to identified mitigation opportunities in accordance with nationally defined development priorities;

(b) Facilitating the sharing among Parties of experiences and best practices of cities and subnational authorities, where appropriate, in identifying and implementing opportunities to mitigate greenhouse gas emissions and adapt to the adverse impacts of climate change, with a view to promoting the exchange of information and voluntary cooperation;

(c) Inviting Parties to promote the voluntary cancellation of certified emission reductions, without double counting, as a means of closing the pre-2020 ambition gap;

(d) Considering further activities to be undertaken under that workplan at the twentieth session of the Conference of the Parties;

6. *Notes* the convening of the climate summit on 23 September 2014 by the United Nations Secretary-General aimed at mobilizing action and ambition in relation to climate change;

7. *Calls* upon Parties to intensify their high-level engagement on the Durban Platform for Enhanced Action through an in-session high-level ministerial dialogue to be held in conjunction with the fortieth sessions of the subsidiary bodies (June 2014) and another such dialogue to be held in conjunction with the twentieth session of the Conference of the Parties.

*10<sup>th</sup> plenary meeting  
23 November 2013*
